

**Engineers without Borders
Project Participation Questionnaire**

Name:

Email:

Major/Year:

Phone #

1.) What project are you interested in? (please circle one)

⇒ South Africa (ram pump)

⇒ Ecuador (open ended)

⇒ Honduras (water treatment)

⇒ EWB-USA open projects (see projects handout):_____

2.) Why are you specifically interested in the project you selected above?

3.) What skills could you contribute? (i.e., technical design and implementation, languages, teamwork, social interests)

4.) How much time would you be willing to commit per week to develop this project?

5.) Would you like a leadership role for this project? Yes No

If yes:

Have you had previous leadership experience? If so, please give a brief description.

As a project leader, you would be expected to travel to the project site for an initial visit to scope out the project and again during the implementation phase. Can you do this?
